

Accessibility Features 101

What we'll cover today:

- Devices
- Browsers
- Documents

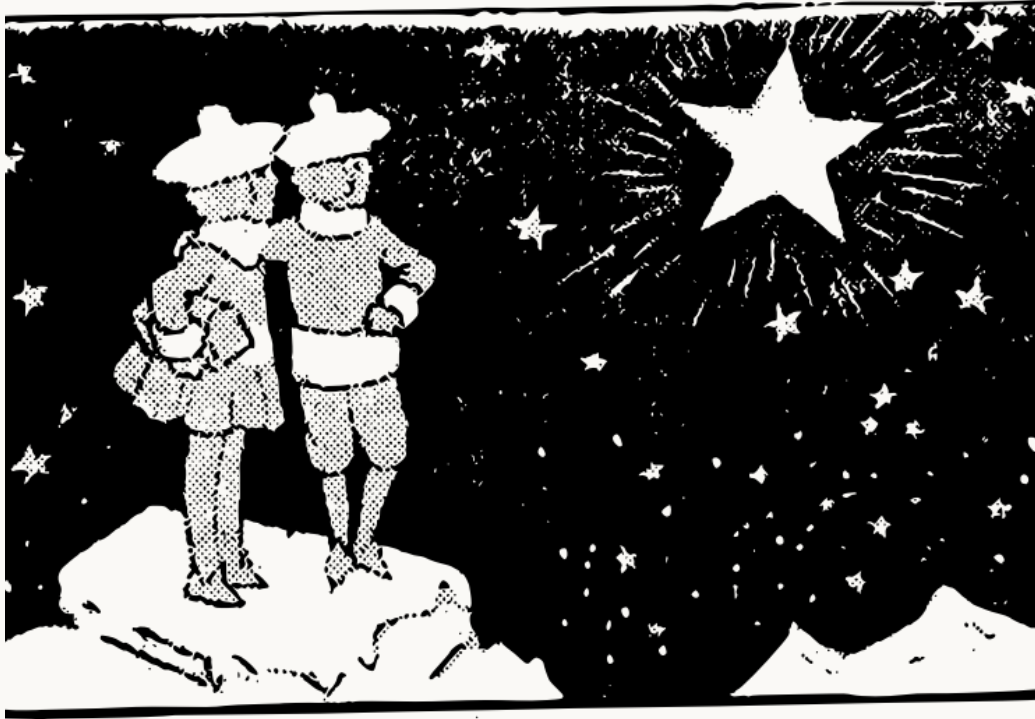

Accessibility definition

[Oxford English Dictionary](#): that can be reached; available, obtainable

For today: adjustments to complete a task while minimizing strain

Locating accessibility features

- ▶ Magnification
- ▶ Color contrast
- ▶ Live captions
- ▶ Read aloud
- ▶ Dictation
- ▶ Focus / Do Not Disturb

OS Accessibility

App Menu

Other System Settings

Accessibility flashback

Optophone vs Dictaphone (ca. 1930s)

OS features

Settings > Accessibility >	Limitations
 Live Captions Zoom  =,  + Display > Increase contrast	Live Captions: Apple Silicon or iOS devices only
 Captions  Ctrl L Magnifier  +,  + Contrast themes	Captions: Does not capture mic by default

OS Accessibility: Open source tool

Morphic Toolbar:

One-click access to built-in accessibility and usability features on Windows & Mac.

- Adjust Text size
- Toggle Magnifier
- Copy screen snip to clipboard
- Read aloud selected text

Browser features

App	Feature	Limitations
 Chrome	Reading mode	▸ Text-heavy pages only ▸ Button controls to navigate audio (Chrome) ▸ Click to skip on Desktop only (Edge) ▸ Listen to Page iOS only (Safari)
 Edge	Immersive Reader Read Aloud	
 Safari	Show Reader Listen to page	

In depth: Safari page menu

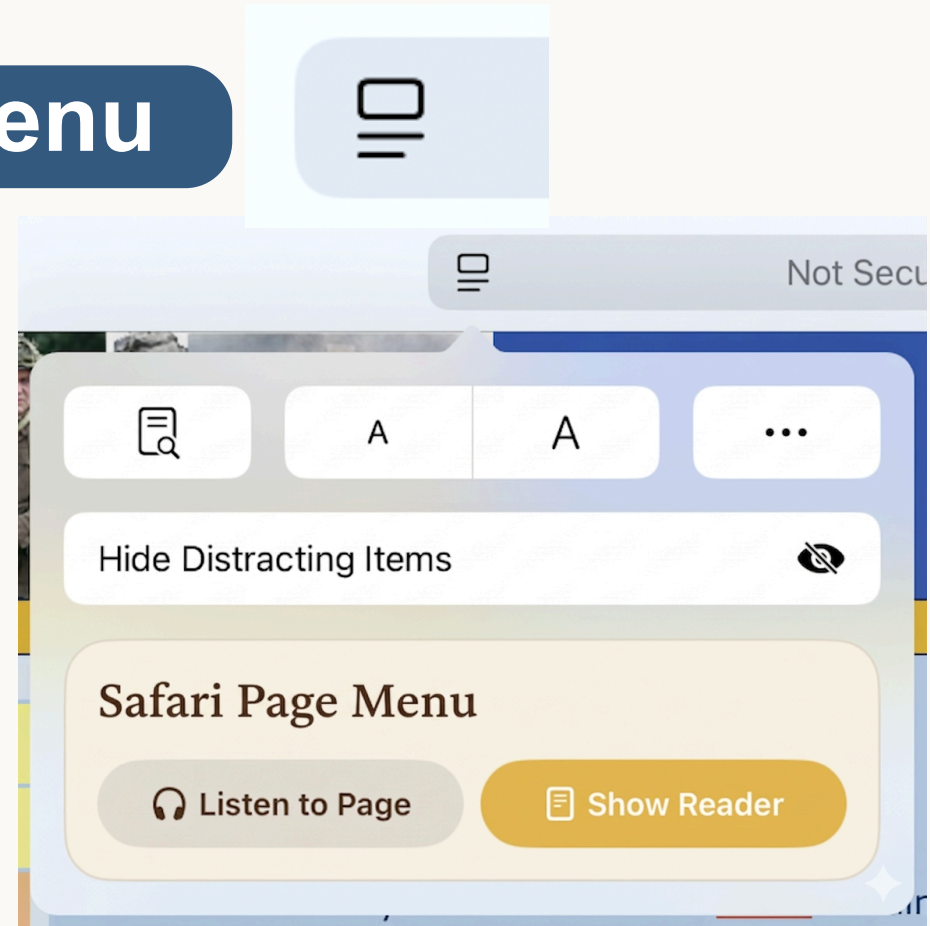

Find: Search for text on the page

Adjust Font Size: Zoom in or out

Listen to Page: Read aloud

Show Reader: Text-only page view

Hide Distracting items: Remove individual elements

Open source: Mozilla Firefox

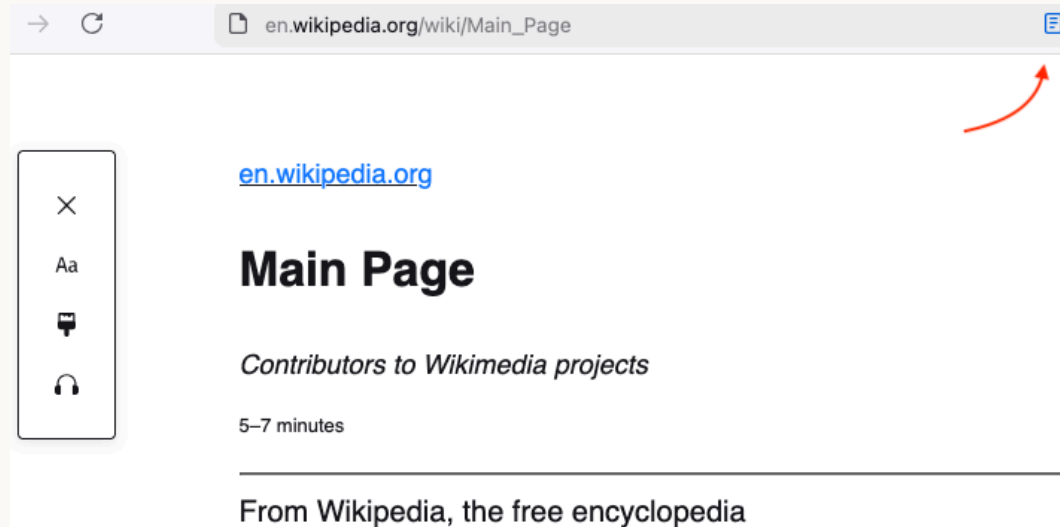

Reader view: Simplify web pages

Text size: Adjust font & spacing

Theme: Apply color and contrast

Read aloud: Play back audio

[Reader View Chrome Extension](#): Uses Firefox Reader View and playback in Chrome

Document features

	App	Feature	Limitations
	Word	<u>Immersive Reader</u>	▸ Click to skip on Desktop only ▸ Reads <i>every</i> character
	Acrobat	<u>Liquid Mode</u> / <u>Read Aloud</u>	▸ PDF overlay can be brittle ▸ PDF can be images which need preprocessing (OCR) ▸ Reads <i>every</i> character

Online document conversion

Try SensusAccess with your own documents

 English, British ▼

Follow the four easy steps below to have your document converted into an alternative, accessible format. The result is delivered in your email inbox. You may upload one or more files, enter a URL to a file or simply type in the text you wish to have converted. The form expands as you make your selections.

Source

- ☒ File
☐ URL
☐ Text

Step 1 - Upload your document

Select your file and upload it to the server (max 64 MB). Multiple files of the same type may be selected. Supported file types are .DOC, .DOCX, .PDF, .PPT, .PPTX, .TXT, .XML, .HTML,

[SensusAccess](#): Online file conversion, including OCR for image-based PDFs

- ▶ Upload file or enter URL
- ▶ Select output file format (ePub, Word, PDF, etc)
- ▶ Receive converted file by email

Dedicated apps for text-to-speech

	App	Features	Limitations
	<u>Natural Reader</u>	Unlimited use Fully offline	▸ Reading order on complex layouts ▸ Math
	<u>Paper2Audio</u>	Spelled out math, images, tables	▸ Limit 45 hr/week ▸ Cloud preprocessing ▸ Text only visual sync

Limitations of AI visual understanding

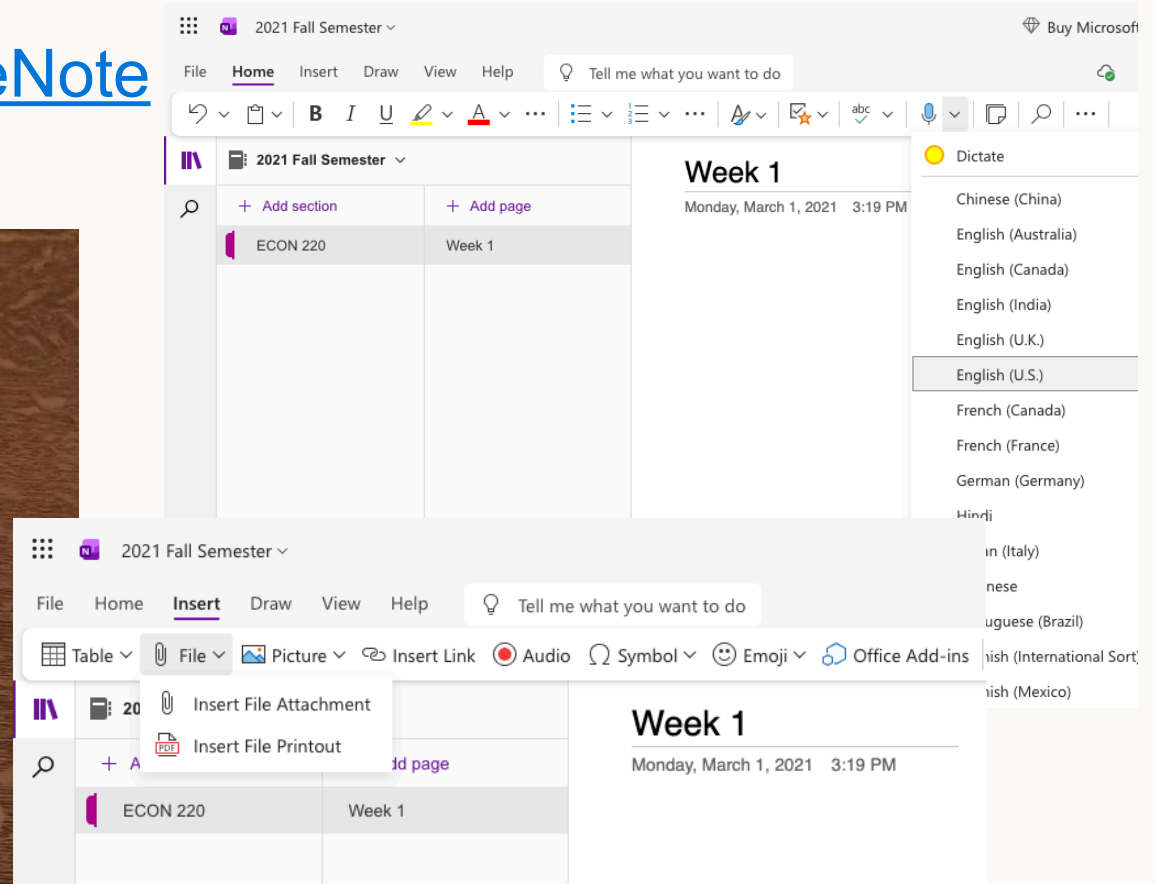

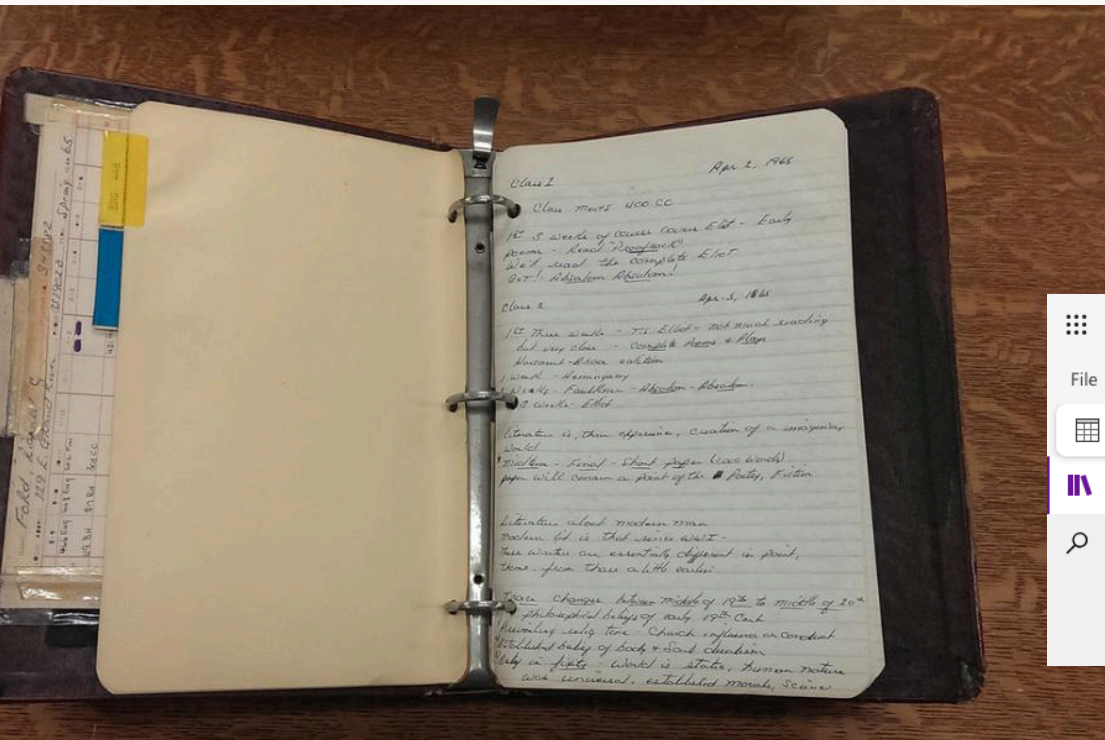

Computer vision segmentation of a text passage

Note-taking with speech to text

	App	Features	Limitations
	Apple Notes	Recording, transcription, summary	▸ Affects battery life ▸ Accuracy varies ▸ No multi-speaker ID
	Otter AI	Same as Apple Notes, plus AI chat	▸ Limited on free plan ▸ Not ideal for adding your own notes

Note-taking with file organization

3-ring binder vs Microsoft OneNote

Protect your time and attention

- It's ok to be skeptical!
- Imagine your ideal solution to understand your requirements
- Prepare to compromise on elements that are not as important

Wrangling file formats and software
should not have to feel like a full time job
– it should just work
